CONFIDENCE MEN MAKE BIG HAUL

LORRAINE FARMER GETS FLEECED
BY SMOOTH STRANGERS

H. M. Perry, a farmer of Loraine who has had some experience in banking and who contemplated opening a bank at Christine, had \$4,000 worth of experience in San Antonio. It happened this way:

Perry was inspecting the Alamo when he overheard two men talking of the enormous profits which they were making with small investments or bets. Perry became interested and inquired further into the matter. The men told him it was a cinch. During Sunday, Monday and Tuesday the smooth tongued strangers saw Perry often. To prove their conviction that it was "easy money" occasionally one of them would leave with a small sum of money and return with a large roll. Wednesday morning Perry became convinced that their scheme was a good one. He drew \$4,000 from a local bank, met the strangers in Travis park and turned the money over to them with the verbal understanding that they were to return to the same spot at 12 o'clock noon with his \$4,000 and something like \$17,000 in profits.

Perry waited in the park until well past noon, and the strangers nor his money did not return. Then he began to wonder if he hadn't been fleeced. The more he thought of it the more convinced he became that something was wrong about the deal.

He went to headquarters and told his troubles to Chief of Detectives J. J. Lawrence.

Chief Lawrence dispatched a squad of men to search for the men answering to the description furnished by Perry, but no arrests have been made.

Mr. Perry is well known in Colorado and has the sympathy of many friends here.—Colorado Record.

GIN BUILDING STARTS

Mr. John A. Stavely was here Tuesday from Phuvanna looking at some pumping outfits. He has placed an order for a complete, up-to-date equipment of gin machinery and will proceed to put up a new gin where his old one burned last fall. It is learned also that the Fuller people are about to begin the erection of a splendid new gin at Dunn.

LATEST CRISIS IN

MEXICAN AFFAIRS

Huerta sends note to Washington suggesting U. S. again declare embargo on arms and ammunition, asserting country is in state of anarchy.

Villa notifies Consul Letcher, two British and American representatives, two physicians and widow may examine Benton's body in Chihuahua but still refuses to permit removal. Governor Colquhoun writes President asking what steps will be taken to protect Americans along border and suggests sending of rangers into Mexico for duty.

Secretary Bryan wires warning to Colquhoun against sending rangers across line, saying responsibility rests with federal government.

English newspapers calm but reflect sentiment English are determined to learn details of Benton's death and obtain protection for others.

Friends of Vergara hounded by Federals, aroused by confirmation of brutal execution.

British Consul Perceval waiting in El Paso for further orders.

Cabinet and President again discuss Mexican affairs and express determination that Villa shall surrender Benton's body to widow.

President again denies he requested right to send marines to ICJ of Mexico.

Our good old confederate friend, A. M. Johnson, was here from Dunn Monday to meet with his old war comrades. He seldom misses one of these monthly meetings.

TAYLOR COUNTY VOTES OUT POOL HALLES

Twenty out of twenty-six precincts in Taylor county gave 839 against the pool hall and 476 for it. Abilene going by one vote for the pool hall. The stock election law held in three commissioners precincts showed victory for the law. The law was already operative in the Buffalo Gap precinct, but the election was for the repeal of the law, which failed to win. The total vote polled was only 1,313 against approximately 3,000 qualified voters in the county. The total Abilene vote on the pool hall question was 377 for the pool hall and 276 against. Market voted strongly against the pool hall, the vote being 12 and 115 against. Dewey voted solid against—Abilene Reporter.

RESTAURANT BUSINESS UNDERGOES CHANGE

It is learned that Frank Broxson has sold his interest in the West Side Cafe to his partner, "Dad" Eklins. The change goes into effect immediately.

Dad has been in the restaurant business in Snyder for a long time and will continue to give his faithful service to the hungry.

Frank has not decided just what he will do, as yet, but will probably locate in Sherman, later.

EX-CONFEDERATES MET MONDAY AFTERNOON

Camp Hill Scurry, United Confederate Veterans met in regular session here Monday afternoon, with commander Geo. W. Johnson, presiding. Prayer was offered by Comrade R. T. Hailer.

Resolutions on the death of Comrade W. H. H. Lindsey were read and adopted. H. F. Davis, W. L. Gross and G. C. Buchanan were appointed to prepare resolutions on the death of Comrade D. E. Murphree.

C. P. Fowler of Portales, New Mex. was recognized as a visitor.

At suggestion of W. L. Gross a request is made for volunteers to report at next meeting who can attend the reunion at Jacksonville, Florida.

The meeting was closed with prayer by Bro. Shaw.

SUCCESSFUL SCURRY COUNTY FARMER

Tail Taylor was here Monday from Ira with the following statement: "The yellow jam variety which he was offering at a dollar a bushel for bedding purposes. He said he had an acre and a half in sweet potatoes last year and made about 200 bushels."

Mr. Taylor has made a success at farming there at Ira. He came there seven years ago and bought a quarter section for \$4000. Then he built a house, and fences and farm buildings, bought tools and stayed with it. He has made a good living and says he could cash out now at least \$12,000 to the good.

AGED LADY DIED AT BIG SPRINGS

The Signal learns this week that Grandis Bunker, who formerly resided in Snyder died last Sunday at Big Springs. She was known by a large number of Snyder people.

Triplets in Taylor County

Triplets, two boys and a girl were born to Mr. and Mrs. W. B. Bates here today. Each of the children weighed six pounds and were well developed. These were the first triplets in Taylor county.—Star Telegram Special.

The Bates family used to live in Scurry County.

Mrs. Willie Broxson Dead.

Mr. T. J. Broxson has received news this week of the death of the wife of his son W. T. Broxson, which occurred in Johnson county last Monday. She leaves three children. Willie and his family left here about three years ago and have lived in north Texas. The lady has been sick for several months.

H. R. Sprawls of Putnam was the guest this week of Judge M. E. Roemer and family. He says his town has an abundance of natural gas.

ROAD BOND ELECTION IS ORDERED

COMMISSIONERS SET APRIL 11TH
FOR COUNTY ELECTION ON
\$50,000 BOND ISSUE.

The Commissioners Court met in special session here Monday for the purpose of considering the matter of an election on a proposition to issue \$50,000 in road bonds. At the regular term of the Court in February an order was passed for an election for \$15,000 in bonds to pay off outstanding indebtedness for certain steel bridges. After that a number of citizens over the county began to confer and make figures and found that an issue of \$50,000 would take care of the bridge debt and also allow a good sum for road building.

Petitions were circulated for a \$50,000 bond election and these petitions were brought in Monday to the Court. These petitions altogether carried the names of 574 citizen taxpayers representing all parts of the county. The Court proceeded to rescind the former order for a \$15,000 bond election and ordered an election for April 11 for a road bond issue of \$50,000.

Leading counties everywhere are issuing bonds to build good roads and we hope that Scurry county will do the same.

There were lots of men in town Monday from all parts of the county and the road bond question was a general topic of discussion, and with very few exceptions people express themselves strongly favorable to the proposition.

TWO SCURRY COUNTY LADIES PASS AWAY

L. C. Darby was here Thursday from Herculiah and informed the Signal of the death of Miss Northcutt which occurred at Herculiah Wednesday night. He also stated that Mrs. D. E. Hens who has been sick quite awhile died Thursday morning at the family home at Pryor. Mrs. Hens was a daughter of Mr. and Mrs. Lee Patterson.

A TOM BALL CLUB

(Col.) J. E. Noble started out Monday with the following statement:

We, the undersigned citizens of Scurry County, Texas, being desirous of seeing a great business administration of the public affairs of this State, which shall place our educational, eleemosynary and penal institutions on a basis commensurate with their importance and be able to meet and solve the problems which now confront the agricultural, industrial and business interests of the State, and believing as we do that the integrity and ability of Hon. Thos. H. Ball of Houston, mark him as being pre-eminently fitted for the task of giving us such an administration, do hereby, for the purpose of furthering his candidacy for Governor of Texas, form ourselves into the Scurry County Tom Ball Club.

Mr. Noble put in about an hour on the streets of Snyder and procured about a hundred signers. About one man in every twenty declined to sign it. The Mayor says if Tom Ball sentiment is as strong all over the State as in Scurry County he will be nominated by 200,000 majority.

Plans are announced for a public meeting at the Court House at 2 o'clock on Saturday, March 14 to complete the organization of a Tom Ball Club.

Dr. W. A. Palmer was in from Dunn Monday, just looking around. Dr. Palmer used to dine out physics for all the south half of Ellis county, but since coming west, he has given much thought to farming and stock raising. There are no truer men than Dr. Palmer.

Mr. W. R. Waldrip was here from Ira Monday to attend the U. C. V. meeting. He went to the reunion last year as a delegate from Hill Scurry camp and says he "kinder" thinks he'll go to Jacksonville, Fla. this year.

F. I. TOWNSEND MAKES REPORT

PROGRESSIVE FARMERS OF THIS
COUNTY CO-OPERATING IN
DEMONSTRATION WORK

F. I. Townsend returned Thursday of last week from Fort Worth where he attended the annual meeting of the Demonstration Agents.

A good attendance was present and much interest manifest in this meeting. W. F. Proctor, State Agent, was there as was also A. Gentry, of Washington, D. C., field agent for the work in this section of the country. Mr. Townsend says the agents were all hopeful and expressed themselves as well pleased with the work being done.

With reference to Mr. Townsend's work in Scurry county he says he is highly gratified at the progress he has been able to make and at the courtesy and co-operation shown him by the people.

He has gone over the country, with exception of the Dunn and Ira communities, and will get to these sections as soon as he is able to do so, being now confined to his room on account of sickness.

Mr. Townsend was allowed forty demonstration farms, but he says he could get two hundred if it was possible to take them. He has secured permission to use several more than the stipulated amount. Only one man has, so far, turned down the work, when it was presented to him.

As soon as possible Mr. Townsend expects to take up the matter of terracing land, which is one of the best features of demonstration work in this section.

The Signal is indeed glad to know that the progressive farmers of Scurry county are giving the demonstration work such hearty co-operation.

HENRY WELLBORN TALKS ABOUT COUNTRY ROADS

H. P. Wellborn came in Monday from the Kuapp colony and spent Monday night here. Mr. Wellborn is gratified in the belief that the \$50,000 road bond proposition will carry.

He says that when this fund is made available it will be used judiciously under competent supervision and all the work done on the roads will be done right and when the roads are properly built they will always afterwards be easily kept up.

Instead of every cranny getting tools just as he can, and such men working in his way, the work will be systematically done and all the tools needed will be supplied. We will see the correct standard in road building and everybody will know what to expect.

Mr. Wellborn says, anybody who has travelled over the country, and noticed the condition of the roads since the heavy rains we had in December will surely see the need of better highways and will not hesitate about voting bonds.

J. W. Gladwin was here the other day from his farm northwest of town and said he was about down and out. He is building a big dam across the creek on his place for a big irrigation reservoir and had been building and dumping a scraper until he was nearly past working. He is fixing to irrigate a considerable scope of his farm and he will get back big pay for all the muscular soreness he is now suffering.

THE WEATHER THIS WEEK

Monday fair and mild.

Tuesday, windy, cold and general snow storm.

Tuesday evening, north wind, light drizzling rain.

Wednesday morning, light frost, warmer during the day.

Thursday morning, clear and cold north wind.

Mr. Ike Thoren was taken quite sick last week at his farm in Kent county. He was brought home Saturday and has had a pretty serious case of pneumonia.

W. A. JOHNSON VISITED IN HALE COUNTY

W. A. Johnson has returned from a visit to Hale Center, where he went to be with his cousin, Frank Fritz, whom he has not seen for a good many years. They had a great time together talking over old times. Mr. Fritz is an experienced oil man, and says he has traced the oil vein from Pennsylvania to Wichita Falls and is of the opinion that the same vein courses under Scurry or Kent county. He doesn't know just yet which. Mr. Fritz is interested in the irrigation project of the great plains and showed Mr. Johnson how he pumps a hundred thousand gallons of water for 37 cents.

DON'T HAVE TO TAKE C. O. D. LIQUOR TO TEXAS

JEFFERSON CITY, Mo.—March 3.—The right of express companies to refuse to deliver C. O. D. shipments of liquor into Texas was upheld by the Missouri Supreme Court today. The decision of the court was based on the Texas law prohibiting such shipments.

DANIEL E. MURPHREE DIED SATURDAY

Mr. Daniel E. Murphree, aged 68 years 11 months and seven days died last Saturday at his home five miles east of Snyder and was buried in Snyder cemetery Sunday. Rev. M. T. Tucker conducted the funeral service.

Bro. Murphree was a good man, a conscientious Christian gentleman, a loyal citizen. He leaves a wife and family of nine living grown children to mourn his taking off.

He was born and reared in Alabama and moved to Texas about ten years ago. He lived in Johnson county all seven years ago, then came to Scurry county. He was a soldier in the Confederate service and did excellent service for the cause of Southern rights.

The Signal extends sympathy to the bereaved companion and the sons and daughters who survive him.

They are: Mr. Fannie Whitaker, Snyder; Mrs. Hester, Abilene; John Murphree, Joe Murphree, Will Murphree, Mary Murphree, Mrs. H. H. Murphree, Snyder; Mrs. Edna Murphree, Snyder; Mrs. Ella Murphree, off at Snyder.

Priscilla Shower

The beautiful union of Mr. and Mrs. W. Gentry in east Herculiah was made every Wednesday afternoon, by the Priscilla shower in honor of Mrs. Mobley. The bride of the week.

Punch was served at the tiny Mrs. Jangeli provided over the table. The guests regaled with a lay wife recipe in a dainty verge laid prepared by the hostess.

The Priscillas brought their own and resound their sewing as much until a few minutes after 8, 5, & P. time, when a church was held at the door and W. D. Harger presided an express package for Mrs. Mobley.

The box was delivered and Mrs. Mobley abundantly explained the contents: china, silver, aluminumware, linen and everything from a woman's heart were its contents.

The guests were then ushered into the dining room which was decorated and served as a very delicious course.

Mrs. Mobley presided over the pretty wedding cake which had been carefully prepared by Mrs. W. W. Roberts.

After thanking Mrs. Gentry for their gift and then the Priscillas went home, declaring they had never enjoyed anything so much. Those present were: Mesdames E. J. Ely, J. A. Butler, H. M. Gentry, A. J. Kemp, L. E. Trigg, W. W. Roberts, McNamee, Gardner, C. J. Jorgensen, J. W. Luff, with, Kattors, and Mesdames Ella Butler, Mary Gardner and Miss Anita Jorgensen.

A Business Change

Bilmon Bros. have this week sold the dry goods department of their store to Mr. Ernest Beale of Arab. They were all busy yesterday packing stock. The Bilmons will continue in the grocery business at the same stand. Mr. Beale is an experienced merchant and we wish for him a good business.

FINDS SILOS ARE VERY PROFITABLE

W. T. THOMPSON, PROGRESSIVE
STOCK FARMER TELLS EXPERIENCE WITH SILO.

Below the Signal gives a statement from Mr. W. T. Thompson, a prominent farmer who lives one mile south of Snyder giving his experience with feeding 200 calves last fall and winter on ensilage. We kindly ask that all our readers give this article their careful thought and earnest consideration. The silo has come to stay and can be used to profit, we believe, by thousands of west Texas farmers. The statement follows:

"Last summer and early fall I put up some 200 tons of ensilage, using sorghum, kafir corn and maize. In this lot of ensilage, I probably used more maize than either kafir corn or sorghum, but my opinion is from my experience with ensilage that kafir corn is the best of these three forage crops, with sorghum second, but I find that stock like it all.

Last fall I bought two hundred calves from four to six months old, receiving them November 1st. For the first thirty days I ran the calves in the field on oats and stalk pasture, putting them in the pen at night and feeding cotton seed. The weather being very cold and rainy during the first thirty days of feeding my calves but soon thirty or forty pounds per head.

About December 1st, I put the calves in the pens and began feeding them ensilage with 3 pounds of crushed maize per head each day, in addition to the cotton seed. The amount of feed per head until I was giving four pounds at close of feeding.

| Feed of Calves, Feeding, Etc. | |
|--|-----------|
| 200 calves at \$25 head. | \$5000.00 |
| Feed maize 1000 lbs. at \$12.00 | 1200.00 |
